Hospital Branches Slate 15th Annual Easter Fair

The fifteenth annual Easter Fair, a four-day benefit festival of special events given by the Branches of Children's Hospital of the East Bay, is scheduled March 5, 6, 7, and 8 at the Hotel Claremont in Berkeley.

In announcing the fair, Mrs. William Harold Oliver, general chairman of the Branches, pointed out that with the mortgage on the new wing of the hospital not yet retired, and with more children needing more costly hospital assistance, Branch members face a constantly increasing task in their work of providing financial support for the hospital.

An important phase of the fair, attracting thousands of visitors every year is the exhibit of nearly 600 table settings for both formal and informal occasions. It occupies the mezzanine floor of the hotel, and will display settings for breakfasts, luncheons, dinners, barbecues, buffets and children's parties. It is a continuous attraction, beginning Thursday night and open three days following from 11 a.m. until 10 p.m. As in past years, the fair opens Thursday evening, March 5 with a Mardi Gras carnival, with Mrs.

Marin Dads to Honor Daughters Valentine's Eve

The Marin Dads' Club today is expecting its usual phenomenal luck the evening of Friday, February 13, the date set for the annual Dads' and Daughters' party in the school auditorium.

President Art Smith is rapidly completing his program arrangements to entertain an estimated 400 fathers, daughters and escorts.

The program will be both professional and local talent, including the well known pantomime team of Janet Spivak and Gail Heath of Albany High School. Other entertainment will include an accordion soloist, audience participation, community singing and a dance recital.

Special prizes will be handed out, appropriate to Valentine's Day.

Many dads are arranging to bring along other daughters as well as their own, in keeping with the tradition that none shall be without their Valentine for the evening starting at 7:30 p.m.

At the last meeting of the executive board, Charles Pinkham outlined plans for a big St. Patrick's Day whist to be held on March 17, 8 p.m. in the school auditorium. Albany Rotarians are home after attending an inter-city meeting at Reno last Sunday and Monday.

Pre-School to Up Enrollments

Enrollment in the Albany Pre-School Nursery will be increased to accommodate more youngsters when work is completed on the current building program, according to Mrs. Nell Curran, director.

Work is nearing completion on the new play area at the school, 850 Masonic Ave. A major portion has been surfaced for play with tricycles and wagons, while the rear portion has been filled with sand to serve under swings and slides. The play area is enclosed with a new 10-foot wind break and will be painted by fathers in the near future.

Mrs. Curran said that the morning session will be increased to approximately 40 children, and between 30 and 35 youngsters in the afternoon session. This will almost deplete the waiting list, she added.

Three new mothers and their children have been enrolled in the morning session during the past two weeks. They are Mrs. Edward Coulton and daughter, Sandra; Mrs. Clarence Dame and daughter, Leslie, and Mrs. Charles Tschanner and son, Chuck.

Legion to Launch Drive for 400

"Get Three in '53" is the slogan being used by Albany Post No. 292, American Legion for its current membership drive to increase its membership to 400 members.

Plans for the February membership campaign will be explained by Chairman George Mack Jr., at the regular business meeting 8 o'clock tonight at the Veterans Memorial Building.

"There are 800 veterans eligible for membership in the American Legion residing within the city of Albany," said Mack. "Every member will be asked to recruit three new members during this month to bring the membership roll to an all time high."

A peak of 460 members were on the roll at one time, and over the past few years the Post has held an average of over 300 members.

Commander Jack Purcell said that veterans of World Wars I and II and the Korean War are welcome to be the guests of the local post and use facilities of the Memorial Building without becoming members.

City Issues 29 Building Permits

The City of Albany issued 29 permits for the construction and alteration of buildings estimated to cost \$35,838 during the month of January, according to a report of City Engineer A. L. Brinkman.

Leading figures in the report were permits for construction of a duplex at 960-62 Adams St., \$13,600, and a store building at 640 San Pablo Ave., \$14,000.

Permits for alterations and their estimated costs included. 1500 Solano Ave., \$100; 960-62 Adams St., \$1000; 626 Curtis St., \$900; 728 Masonic Ave., \$100; 1507 Solano Ave., \$250; 809 Ramona Ave., \$20; 642 San Carlos Ave., \$1500; 1508 Marin Ave., \$50; 842 San Pablo Ave., \$500; 728 Carmel Ave., \$800; 627 Kye Route Blvd., \$2000; 327 Masonic Ave., \$125; 1107 San Pablo Ave., \$50; 811 Solano Ave., \$185; 705 Pomona Ave., \$50, and 956 Washington Ave., \$1000.

Fees collected during January totaled \$327.65. Value of permits last year totaled \$27,413.

City Attorney To Decide Issue

The Albany City Council Monday night referred to the City Attorney a question of legality in adopting the proposed Park and Recreation Commission.

The question was raised by Councilwoman Mrs. Kathie Zahn when an ordinance setting up the new commission was presented to the Council for study.

The ordinance would provide for a five-member commission, appointed by the Council. Commissioners would have staggered terms, one of them going out of office at the end of one year, two at the end of two years, and the remaining two at the expiration of their three-year term. A member could be reappointed at the end of his term with approval of the Council.

Mrs. Zahn pointed out in a letter to the Council that "in the election of April 14, 1952, the citizens of Albany voted favorably on the proposition of the City Council to eliminate Park and Playground Commissions."

"Webster's dictionary," Mrs. Zahn stated in the letter, "defines the word eliminate as to remove, get rid of, to set aside, to leave out, to exclude."

"In order to have a Park and Recreation Commission," she added, "you have to put it up to a vote of the people because the Albany citizens, according to Charter Amendment No. 6, were in favor of eliminating those commissions."

Although Mayor Jerome Blank explained that the amendment was drawn with the sole purpose of taking park and recreation duties away from the planning and zoning commission, Mrs. Zahn held that it would be illegal for the Council to act on the matter.

The Council then approved a motion of Councilman Edward Combs to refer the question to the City Attorney for a report at next Monday's meeting.

In other business, the Council extended its contract with the Diamond Janitorial Service for one month to give the concern an opportunity to "live up" to recent specifications drawn up by the city engineer.

A contract for the installation of new lighting in the city clerk's office was granted to the Tri-City Electric Co., 1252 Solano Ave., which submitted a low bid of \$298.96. The old fixtures will be auctioned some time during the next three weeks.

NATIONAL CHILDREN'S DENTAL HEALTH WEEK OBSERVED HERE

THIS IS A WATCHBIRD, national magazine cartoon character and "Official Sponsor" for Children's Dental Health Week who joins dentists of the State in appealing to children to care for their teeth.

FEBRUARY 2-9 will mark the fifth annual observance of Children's Dental Health Week—a project initiated by the dental profession in an effort to improve the health of American children.

The dentists of this community are engaged in an extensive campaign to help bring the objectives of Children's Dental Health Week before parents, teachers, children and community leaders alike. These objectives are concerned with the basic fact that tooth decay can be greatly reduced through proper care of the teeth in the home.

Dr. Merwin G. Cunningham, Dental Health Education Chairman of the California State Dental Association, states: "Despite all that the

dental profession has done in the past and is now doing, tooth decay among American children is still on the increase.

To give dental treatment to all children in the country who are in need of it, would require a dental army of 450,000 dentists. There are only 75,000 dentists now in practice with many of these liable for duty with the armed forces. The answer lies in prevention through education.

Official sponsor for Children's Dental Health Week is the "Watchbird," the national magazine cartoon character.

Munro Leaf, creator of the "Watchbird" cartoons and author of children's books, has contributed his services to further the objectives of Children's Dental Health Week. Rules for an attractive smile, as outlined by dentists are:

1. Brush your teeth after every meal. Brush up and down, away from the gums. Brush between the teeth, both inside and outside surfaces.
2. Drink plenty of milk.
3. Eat lots of wholesome foods such as meat, cheese, eggs, fresh fruits and vegetables.
4. Have your teeth checked regularly by your family dentist.

In addition to their sponsorship of Children's Dental Health Week, dentists recommend fluoridation of community water supplies as a preventive measure which helps reduce dental decay in children.

"After many years of research and study, results show that fluoridation is the safest, most practical and economical preventive health measure which helps reduce dental decay in children," declares Dr. Cunningham.

Corn Meal and Molasses Offer Valentine Treat

The versatile corn meal that kept America's colonists alive during their first winter in this country makes a delightful Valentine treat when combined with molasses, or sorghum, cinnamon, ginger and milk to make an Indian Pudding. Topped with vanilla ice cream, it is an attractive and healthful dessert, especially for the youngsters.

Indian Pudding is almost as old as America, itself, for it was another use of corn meal developed by the early settlers. Even early-day recipes specified milk as the liquid, and the addition of an egg to increase the healthful qualities of this dessert.

The ice cream, of course, is a more modern touch, but it is an outgrowth of the earlier practice of serving Indian Pudding with cool cream, or a hard sauce, poured over it. This dessert may be served warm or cold, no matter what topping is used.

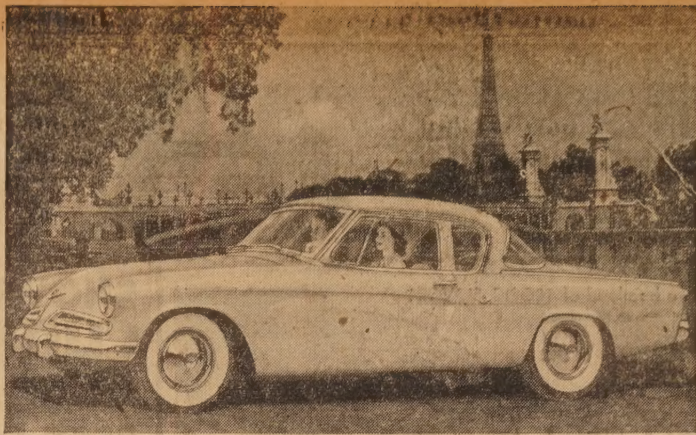

Men like Indian Pudding with a big scoop of vanilla ice cream. Children will regard it as a special Valentine's Day treat if the ice cream is first shaped in a heart mold.

Indian Pudding
1/2 cup corn meal
1 quart hot milk
1 tablespoon butter
1 egg, well beaten
1/4 cup granulated sugar
1/4 cup light molasses (or sorghum)

1/2 teaspoon cinnamon (optional)
1/2 teaspoon ginger (optional)
1 cup cold milk

Add corn meal slowly to scalding milk, stirring constantly. Heat to boiling and boil until thickened, about 10 minutes. Add butter and mix. Combine remaining ingredients except cold milk and mix with corn meal mixture. Pour into a well-buttered 1 1/2-quart casserole and bake 1/2 hour in slow oven, 300° F. Add the cold milk, stir, and continue baking for 2 hours. Serve warm or cold with ice cream, cream, or hard sauce. Yield: 6 servings.

An old-world atmosphere, with Paris as the background, sets the stage for this high-style 1933 Studebaker. The popular Commander coupe is an example of the low lines and sweeping contour of European influence that runs through all Studebaker models. The Commander coupe is only 56 5/16 inches in height, and has an overall length of 201 15/16 inches. Finish may be selected from 12 basic colors.

Quick-Frozen Fish Kebabs Make Unique Lenten Dish

LENTEN MEALS CAN BE AS DELICIOUS AS ANY OTHERS. Fresh fish can be obtained any place, any time, in quick-frozen form. And you can learn enough tricks about cooking and serving it so that there's never a dull moment at your fish dinners.

There are so many ways of preparing Birds Eye quick-frozen fish fillets that they can always add a novel taste appeal to your Lenten menus. Fish Kebabs, for instance, are real guest dinner conversation pieces. Easy to make, delicious and unusual, they bring this very thrifty protein food to the table in a most attractive style.

FISH KABABS

1 box (1 pound) Birds Eye 1/2 cup catsup
quick-frozen ocean perch 1/2 teaspoon salt
fillets 1 whole clove

2 tablespoons butter, melted

Cut fish into 1-inch cubes and thaw 1 1/2 hours. Marinate 1 hour in mixture of catsup, salt and clove. Arrange cubes of fish on skewers. Brush fish with butter. Place on baking sheet and broil under medium heat 5 or 6 minutes, or until fish is easily flaked with a fork; turn once. Garnish with lemon wedges and serve at once. Makes 4 servings. (ANS Features)

Frank Birch, former assistant cubmaster of Pack 50, was introduced as the new Assistant Scoutmaster for the Troop.

The evening was concluded with interesting moving pictures, followed by refreshments served by the Mothers Club.

POPPING THE QUESTION

ST. VALENTINE'S DAY HAS ALWAYS BEEN A PRELUDE TO WEDDING BELLS. ROMANTIC CUSTOMS OF PAST AND PRESENT HAVE MUCH IN COMMON.

SPANISH CABALLEROS MADE THEIR INTENTIONS KNOWN BY ASKING SHY SENORITAS TO DANCE "THE JOYA"—THEIR FIRST STEP TOWARD BETROTHAL.

YOUR SHARE OF AMERICA IS GROWING BIGGER!

Now the Value of Your Maturing Series E Bonds Grows For Ten More Years...at 3% Interest

Do you have any United States Series E Defense Bonds maturing this month? Now they can still go on earning interest—at 3% compounded semiannually—for ten more years! And you need not do anything at all with your Bonds. The continued earning period is automatic.

The Bond you got for \$18.75 can now pay you \$33.67 . . . a \$37.50 Bond will be worth \$67.34 . . . and so on. Your return may amount to as much as 80% on your original investment!

This applies to all Series E Bonds—those you already own and those you're now investing in. Every Bond you invest in now starts earning interest sooner and matures earlier, too.

Any Series E Bond may still be redeemed at any time after you have held it for two months. But the smart thing to do is to hold on to your Bonds, as you hold on to savings in any form.

Are you one of the 7½ million Americans who are saving regularly with Defense Bonds through the Payroll Savings Plan? Doing something concrete to make their dreams of the future come true? If not, why not start now? Invest in Bonds regularly through the Payroll Savings Plan in the shop or office where you work. It's one sure way to save because it saves something out of every check before you have a chance to spend it.

You may ask your pay office to save as little as 25c a week for you, or as much as you are able. If you can save just \$5 a week regularly through the Plan, in five years you will have \$1,367.90 . . . in 9 years and 8 months, you'll have \$2,850.70 . . . in 19 years and 8 months, \$6,872.45! All in safe, sure Series E Bonds.

No matter how small your income, you can't afford not to put something aside for yourself. So join the Payroll Savings Plan where you work today. Or, if you are self-employed, start the Bond-A-Month Plan where you bank. Strengthen your own future and that of your country by saving your money through Bonds.

NOW EVEN BETTER!
INVEST MORE IN DEFENSE BONDS!

Magic Lenten Food

FISH LOAF, YOU'LL FIND, is a lucky choice for a Lenten meal—a hearty, nourishing entree and, just as important, a real economy item as well. To make it so, put Post Toasties to work in the preparation as the "extender" to make the loaf go further and turn this into one of the best budget-wise dishes in your Lenten mealtime plans! Season it temptingly, serve it with a tasty array of vegetables—and watch the family make it disappear!

TOASTIES FISH LOAF

3 cups Post Toasties, finely crushed
1½ cups milk
2 cups flaked cooked fish
½ cup sour cream
¼ cup minced onion
1 tablespoon chopped parsley
1 tablespoon lemon juice
½ teaspoon Worcestershire sauce
¼ teaspoon thyme
1 teaspoon salt
Dash of pepper
2 eggs, well beaten

Combine Post Toasties and milk; let stand 10 minutes. Then add remaining ingredients, except eggs, and beat thoroughly. Fold in beaten eggs. Turn into well-greased 1-quart loaf pan and bake in moderate oven (375° F.) 1 hour. Serve with white sauce seasoned with a small amount of mustard. Makes 6 to 8 servings. (ANS)

Area PTA Council To Meet Monday

Berkeley-Albany Council of PTA and the Berkeley-Albany school departments are again sponsoring a parent education series which proved so successful last year.

The series is titled "Creative Activities for ur Children" and will be approached from the aspect of the need to emphasize informal home creative activities which may be diminishing by too much television and radio attention. The subjects to be discussed are to be focused to meet all age levels from elementary through secondary schools.

On February 11, at 9:45 a.m. at 1414 Walnut Street, Berkeley, "Art

in the Family" will be discussed with Miss Myrtle Gifford, supervisor of art in the Berkeley schools, as leader of the topic. On February 18, at the same location and time, "Sign Posts for Young Scientists" with Mrs. Janet Nickelburg as leader, will be discussed. A radio program under the same name is also conducted by Mrs. Nickelburg.

On February 25, "Family Music" with Stephen Lehner, director of music in Albany High School, leading the discussion. Other meetings touching on the subjects of writing, moral and spiritual values, family recreation, and creative dramatic activities will follow each week. The first four of the series are to be held in Berkeley at the school administration building and the second group of four meetings are to be held in Albany. This location is to be announced later.

SINCE CLEAN WORK CLOTHING IS A "MUST" to healthy living and working, frequent laundering is all important. It's also easier to deal with soil when it's fresh.

To prepare work clothes for the soapsuds in tub or machine, first turn pockets out and cuffs down and shake or brush out loose dust and dirt. Next mend rips or tears, and replace lost buttons.

Pre-soaping extra-dirty sections of work garments loosens dirt. Scrub on a thick layer of soapsuds where needed. Then roll the garment tightly for several hours before laundering. This gives the soap time to loosen deep soil.

For dirt streaks along neckbands and cuffs on work shirts and jackets, rub in a thick layer of soapsuds with a stiff brush. Roll such garments to keep the soap concentrated and let it work for several hours before putting them into tub or machine. The same trick works on dirty pocket edges and trouser cuffs.

Once you've treated stains, soak work clothes for 30 minutes in lukewarm water, adding one cup kerosene to five gallons of water. Then let hot soapsuds take over in tub or washer. Use a second batch of fresh suds if the first becomes dirty and "dead." The first washing softens up the dirt, the second really gets it out. Wash blue denims and other dark pieces separately. After rinsing, hang garments quite wet; smooth and pull them to shape, and you'll avoid much ironing.

Starch restores crispness to work clothes that are getting limp but still have a lot of wear in them. It also helps to "seal" the surface against dirt and grime so the next washing is easier.

Encourage your working man to change into clean work clothes often. This is an important health measure. Equally important to health and comfort is a complete change of clean underwear every day, and clean handkerchiefs to wipe eyes, face, or nose.

Christian Science Church

"Spirit" will be the subject of the Christian Science Lesson-Sermon for Sunday, February 8, with the Golden Text taken from John: "God is a Spirit; and they that worship him must worship him in spirit and in truth" (4:24).

Bible citations used in the sermon will include the following verse from the Second Epistle of Peter: "Grace and peace be multiplied unto you through the knowledge of God, and of Jesus our Lord" (1:2).

A correlative passage from the Christian Science textbook "Science and Health with Key to the Scriptures" by Mary Baker Eddy, will read:

"Let us rid ourselves of the belief that man is separated from God, and obey only the divine Principle, Life and Love. Here is the great point of departure for all true spiritual growth" (p. 91).
